

FIG. 1

The diagram illustrates a vertical assembly 100. A central vertical tube 101 houses several horizontal sections. From bottom to top, these are labeled 110, 120, 130, 140, 150, 160, and 170. Sections 120 and 160 feature a zigzag internal structure. Pipes enter and exit each section from the left side (labeled 121, 161, etc.). At the very bottom, an inlet pipe 102 leads from a pressure source F. At the top, an outlet pipe 103 leads to a pressure sink P.
